31st March 2015

Dear All,

We had a great day at Statfold Barn Railway on Saturday the 28th March.
1,100 enthusiasts attended and £10,000 was donated to local charities.

We gave nearly 100 rides on a pump car and trackbike. We were under cover in the carriage sheds next to the roundhouse, the occasional torrential downpour helped our rider numbers, dozens hopped off and said "I've always wanted to have a go on one of those".
